1. Print pattern pages at 100% and check the test square measures exactly 1 inch / 2 cm.
2. Cut each piece from felt in the listed color. Body pieces: cut on the solid line.
3. Glue or stitch the small pieces onto the body front, larger pieces first, using the preview.
4. Place front and back together (decorated side out) and blanket-stitch along the dashed line, leaving a 4 cm gap. Stuff, then stitch the gap closed.
